

LACUNA COIL

C O M A L I E S

SWAMPED

SWAMPED

When you're taught through feelings

Destiny flying high above
all I know is that you can realize it

Destiny who cares
as it turns around
and I know that it descends down on me

It's just another day
the shame is gone
hard to believe
that I've let it go

Destiny can't replace my life
Scary shadows of my past
are alive

Destiny who cares
as it turns around
and I know that it descends
with a smile

It's just another day
the shame is gone
it's hard to believe
that I've let it go away

It's just a melody
it bleeds in me
hard to believe
that I've let it go

HEAVEN'S A LIE

Oh no,
here it is again
I need to know
when I will fall in decay

Something wrong
with every plan of my life
I didn't really notice that you've been here

Dolefully desired
Destiny of a lie

Set me free
your heaven's a lie
set me free with you love
set me free

Oh no,
here it is again
I need to know
why did I choose to betray you

Something wrong
with all the plans of my life
I didn't realize that you've been here

Dolefully desired
Destiny of a lie

Set me free
your heaven's a lie
set me free with you love
set me free

Set me free your heaven's a lie
set me free with your love
set me free

DAYLIGHT DANCER

HUMANE

SELF DECEPTION

AEON

Answer me, it can't be so hard
Cry to relieve what's in your heart
Desolation, grief and agony

Trying to move
down in this grave
Trying to believe in every faith
As another bridge to clarity

Want to stay another way

Take another chance
to find a distant sanity
and turn your pain in truth
Take another chance
to fight a different enemy
and try to free it

Dance with me,
it can't be so hard
Time to reveal
what's in your heart
Desolation
grief and agony

Walking through a life decayed
while you're repeating
your mistakes
There's another chance
to try to get away

Take another chance
to find a distant sanity
and turn your pain in truth
Take another chance
to fight a different enemy
and try to free it

You walk on by
without feeling to your stroll

You walk alone

Compromise
it's just another contradiction
You're not alone

There's a place
you've run away
that is in your heart
it is in your heart

In your heart
Your love again

There's a place to be afraid
There's another chain to hold
and you don't know

You need it by your side
just let him know

Your hell is when you dream
and I'm awake

Look into your heart
Deep into your heart

In your heart
Your love again

There is none for
Love is not afraid

In your heart
Your love again

I'll never waste another day
searching to find the reason
why did I choose to play this game
this goes too far
I'll take no more

I played the part and took the blame
while you pretend nothing is real
life turned to night as you're asleep
blood flowing down, is this a dream?

Liar, you tempt me

I don't know what to do
no guilt is in my heart
I don't know what to do
I'm not the reason

I'll never waste another day
forever lost
no reason
he never choose to play this game
taken too far out of control

Liar, you tempt me

I don't know what to do
no guilt is in my heart

I don't know what to do
I'm not the reason

There is something
in your eyes
flowing them over
stealing all the harmony
which lives in me
your hands are covering
my tears

oh, why

There's a sort
of inner dance
trying to seduce me
feeling this anomaly
which takes me

Your touch

You're here

Your heart

TIGHT ROPE

Delighting minds
with my shadow
Rely on your way to grow
You want to decide
from your cloud
You're lost in a world
that I have to repair

You want it all
the greatest smile
Who wants to deny forever!
You're made of ice
I pay the price
for all you unforgiveness

Enlighting lies
with my shame
Beneath the veil
of your flow
Don't try to deny
with your mouth
So fine it is knowing
you're under the shade

THE GHOST WOMAN
AND THE HUNTER

UNspoken

ENTWINED

THE PROPHET SAID

Staring at the sun
no rays down on me
I call you in my arms
embrace is unreal

You're moving on
we'll never be apart
just drain my tears
I cry aloud

You're moving on
you'll never be a part
of all my tears
I cry aloud

Calling on your sins
you're here in my dreams
a desert place
I'm not alone

Do you really
want to be me?

You're moving on
we'll never be apart
just drain my tears
I cry aloud

You're moving on
you'll never be a part
of all my tears
I cry aloud

And it doesn't matter
how you feel now, anything at all
Seems to be your only way, so vicious
Heavenly apart

When your envy is on a piece of paper
Let me sweetly smile
You're devouring all the crumb
I'm leaving caught up in your lies

You're on any other side

Clawing up my eyes
I'm feeling your arms around me
On the other side
It's time to go

I'm hearing your voice
without words
On the other side

But it doesn't matter
how I feel now, anything at all
Since I've left you with the wrong
impression while I'm still the same

When I turn around and look
at my life, shadows in disguise
but I'm working on
an interruption of hypocrisy

You're on any other side

Clawing up my eyes
I'm feeling your arms around me
On the other side, it's time to go
I'm hearing your voice without words
On the other side

Any other side

And you take me over
Over again

I wonder how can I go on and on
when you want to bury my passion
You are the shell around
I cannot escape
and I swallow my pride

Entwined together now
It's time to pass it over
(and you take me over, over again)
Entwined together now

And you take me over
Over again

I wonder
how can I live on and on
when you want to live in a hurry
You are the wall
-that I-
That I have to remove
And I swallow
I swallow my pride

Entwined together now
It's time to pass it over
Entwined together now
Entwined forever

And you take me over
Over again

Entwined together
Entwined forever

Light of my sun
Light in this temple

Light in my truth
Lies in the darkness

Teasing pureness
of your lies
sorciness of a
delightful mission
Burning up
inside your mind
you belong
to my possessions

Can't you see that
I'm here inside you?

Light - Massive gain
Glide - Passive tension

Light - Show me how to
slide in this pleasure

Teasing pureness
of your eyes
Crawling into empty spaces
You could lie and lie again
you belong to my possession

Can't you see that
I'm here inside you?

This is my harmony
I'm in your heart again
This is the place to live
where I'm alone again

This is my harmony - I'm here
I lay again - This is the prayer to give
I'm all alone again

ANGEL'S PUNISHMENT

Destruction

War

To fight in defence
Forgotten words
of friendly hate

war - destruction
war - destruction

I don't know why
A soul deceased
A broken hope
A choking breeze

war - destruction
war - destruction

Can't you take me away from your lies?

Destruction

Dark paradise
Collecting souls
To analyze

war - destruction
war - destruction

The bitter blood
of a children's cry
inside the truth
far from my sky

war - destruction
war - destruction

Can't you take me away from your lies?

COMALIES

Parlami
Il tuo silenzio guarda dentro
Non resisterò

E' un attimo,
Nel tuo vuoto sento che
io non ce la farò

Walk on by
You walk on by

Wandering why

Wandering from you
Falling at your side
Wandering from you
Healing my desire

Stumbling in your soul
Give yourself to me
Hurting your desire
Healing mine

Slegami
Dal mio rimorso,
sei diverso
mentre muoio e poi
risorgo dentro te

Finchè vivrò
Ricordarti così
sarà una colpa eterna su di me

All arrangements by Lacuna Coil • All keyboards by Marco Cotti Zelati • Recorded at Woodhouse Studios • Engineered and Produced by Waldemar Sorychta • Photos by Doralba Picerno • Cover and Layout by Thomas Ewerhard
Additional Layout by Stefan Wibbels for media logistics.
